Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Job Placement	Chief Accreditation Officer surveys employment status of all 2017-2020 alumni, using LinkedIn and Handshake, results from 1039 alumni.
Undergraduate Graduation and Retention Rates	3 Year running average for graduation rate and retention rate. Using the three most recent years that are reportable. Data is collected on a semester basis and tracked by the Director of Institutional Reporting and Research in conjunction with the Registrar's Office. Most recent retention rate is for the entering Fall 2020 cohort.
Graduate Program Graduation and Retention	Graduation rate and retention rate for all students entering July 1, 2018 through June 30, 2019. Retention is the sum of those graduated and still active students. Data is collected on a semester basis and tracked by the Director of Institutional Reporting and Research in conjunction with the Registrar's Office.
